

HASH BASH AT NASH HASH 2019

As part of the Port Douglas Nash Hash event, there will be a bike ride (Hash Bash) on Saturday 04 May 2019.

Due to transport limitations, the ride will be capped at 30 Riders.

The ride will be around 25kms in length, it will be mainly on country back roads and some gravel forest tracks.

It will be undulating.

We recommend the use of a mountain bike or a soft tailed Hybrid.

We will be able to recommend bike hire arrangements to the hashers who need to hire bikes in Port Douglas.

Only enter this event if you are confident of completing an undulating 25km bicycle ride on tarmac and/or gravel in potentially hot conditions.

Please provide the following details and return to: Mctaf@yahoo.com
